### Equine Connect:

- Groundwork session, groups of 2-6 people. Children 12 and over must be accompanied by an adult. This is an exciting experience to view a horse in its natural state, whilst observing the dynamics between horse and human. You 'connect' with your horse through observing their body language and using the herd instincts. This Equine experience has proven to alleviate stress, anxiety, and many other conditions through communicating with the horse. It is used for establishing leadership skills based on mutual respect, trust, openness and understanding as well as improving general wellbeing.
